Application No. 09/989,714  
Filed: November 20, 2001  
TC Art Unit: 2629  
Confirmation No.: 9578

REMARKS

The Notice of Drawing Inconsistency noted that Fig. 17 is listed in the specification, but no Fig. 17 is contained in the drawings.

The office action of July 6, 2004, objected to the drawings as not showing the feature of claim 66. In Applicant's response dated October 6, 2004, claim 66 was canceled, thereby obviating this objection. However, a description of Fig. 17, directed to the claim 66 feature, was inadvertently also added to the specification in the amendment dated October 6, 2004. The description of Fig. 17 was added in error, as no drawing showing a Fig. 17 was added and claim 66 was canceled. Accordingly, the above amendment merely corrects a clerical error. No new matter is added by this amendment.

Approval of this amendment is respectfully requested. Please contact the undersigned with any further matters related to this application.

Respectfully submitted,  
STEVEN WANG
